

## Product technical sheet

# RECYCLED RC1467

1 - 8 years

1 kids

10,1 m<sup>2</sup>

## Material specification

- The structure is made of a durable, moisture-resistant and low-temperature recycled composite,
- Educational panels made of recycled HDPE plates, resistant to weather conditions, green HDPE panels made of 100% recycled, e.g. ocean waste such as fishing nets and ropes,
- Screws covered with plastic caps and/or stainless steel screws,

### Product data

|                                |             |
|--------------------------------|-------------|
| Length                         | 84 cm       |
| Width                          | 12 cm       |
| Total height                   | 130 cm      |
| Age group                      | 1 - 8 years |
| Number of users                | 1 kids      |
| Safety zone                    | 10,1 m2     |
| Free fall height               | <60 cm      |
| In accordance with norm EN     | 1176-1:2017 |
| Weight of the heaviest part    | 12 kg       |
| Dimensions of the largest part | 120x9x9 cm  |
| Availability of spare parts    | YES         |
| Installation time              | 1 h         |

Data is subject to change without prior notice.

### Additional information

- equipment adapted for the disabled; intended for public playgrounds;
- equipment has a certificate issued by an accredited entity or a declaration of conformity;
- no sharp edges or chinks that would pose a danger of jimmie the head, fingers or any other body parts;
- render is for reference only, the actual appearance of the equipment and its color may vary;

## Guarantee

**30**

30 year guarantee - Structural strength of steel and stainless steel components

**15**

15 year guarantee - Structural failure of steel and stainless steel, for dynamic equipment

**10**

10 year guarantee - Structural failure of high density polyethylene and high pressure laminates components

**5**

5 year guarantee - Corrosion of stainless steel and hot dip galvanized and powder coated components; against bark beetles and rot in case of wooden structural elements
